

# Data Protection Advisor Custom Reporting (DPACRPT)

ID DPACRPT Preis US\$ 2.000,- (exkl. MwSt.) Dauer 2 Tage

## Kursüberblick

This course teaches participants how to build custom reports with Data Protection Advisor, using DPA data sources and external data sources, operators. Smart Groups and advanced analysis and rules are also covered. Prerequisite DPA implementation and management exposure is mandatory as this course takes a deeper dive into the custom reporting subject. EMC Online ILT is a real-time interactive training experience where students participate via the internet to access instructor-led lecture, discussion, questions and answers, and lab exercises. EMC Online ILT utilizes Voice-Over-IP for the audio portion of the training. A headset with microphone is REQUIRED to speak with the instructor and the rest of the class. Text communication is also available through the virtual classroom.

## Zielgruppe

This course is intended for anyone who needs to build custom reports using Data Protection Advisor.

## Voraussetzungen

To understand the content and successfully complete this course, a student must have a suitable knowledgebase/skill set. The student must have an understanding of Data Protection terminology, installation, administration, configuration and management prior to taking this class. A list of specific prerequisite courses can be found in EMC Education Services Learning Management System.

## Kursziele

Upon successful completion of this course, participants should be able to:

- Create custom reports by modifying existing ones or working from scratch
- Describe the use of common operators and data sources

## Kursinhalt
