

Understanding Cisco Service Provider Network Foundations (SPFNDU)

ID SPFNDU **Price** US\$ 4,500.—(excl. tax) **Duration** 5 days

This is a Cisco Learning Services course and is delivered directly by Cisco.

Course Overview

The Understanding Cisco Service Provider Network Foundations (SPFNDU) v1.0 course is designed to provide you with the foundational knowledge for the suite of Cisco® CCNP® Service Provider courses. The course expands what you learned from the Cisco CCNA® course with a focus on theoretical and practical knowledge needed for the Service Provider environment. Through a combination of lessons and hands-on practice, you will learn about architectures, protocols, software and hardware platforms, and solutions within the Service Provider realm. While this course does not lead directly to a certification exam, it does cover foundational knowledge critical to the success in the Service Provider Technology track. This course also earns you 30 Continuing Education (CE) credits towards recertification.

This course will help you:

- Acquire the foundational knowledge to understand the Cisco Service Provider Network methodologies, tools, and functions
- Learn the skills to manage the software and hardware platforms, structures, and protocols within the Service Provider realm
