

FortiSASE Administrator (SASE)

ID SASE **Price** 1,900.— €(excl. tax) **Duration** 2 days

This training is provided by our partner Fortinet.

Important notes for the booking of trainings directly provided by Fortinet

If you are unable to attend the training date you have booked (e.g. illness, etc.) or if Fortinet cancels the course, a credit note is not possible under any circumstances. In both cases of cancellation, the validity of your credit remains for 12 months after the order.

For more information, please refer to the [Fortinet Terms and Conditions](#).

Course Overview

In this course, you will learn how to use FortiSASE features, including policy types and security profiles. You will explore FortiSASE deployment, user authentication, use cases, and monitoring. You will also learn how to protect your web traffic and SaaS applications using content inspection, such as antivirus, web filtering, application control, and logging.

This exam is part of the FCSS Secure Access Service Edge certification track.

Who should attend

Networking and security professionals involved in the design, administration, and management of FortiSASE based network deployment should attend this course.

This course is part of the following Certifications
