Course Overview

In this learning path, you will see how Azure AI Document Intelligence solutions can enable you to capture data from typed or hand-written forms. You will also learn how to build a solution for your custom form types and integrate that solution into an Azure Cognitive Search pipeline. You will learn how to:

- Design a solution that analyzes your business forms by using Azure AI Document Intelligence.
- Create a solution that analyzes common documents by using Document Intelligence.
- Create a solution that analyses different custom form types by using Document Intelligence.
- Include an Azure AI Document Intelligence service as a custom skill in an Azure Cognitive Search pipeline.

This learning path helps prepare you for Exam AI-102: Designing and Implementing a Microsoft Azure AI Solution.
