

Microsoft Power Platform Solution Architect (PL-600T00)

ID PL-600T00 **Price** 2,390.— €(excl. tax) **Duration** 4 days

One day hands-on workshop and exam voucher included!

This course includes an additional final 1-day workshop, giving you the opportunity to apply and validate the skills you have learned. On this day you will complete a hands-on project from design to implementation. The practical exercises will also prepare you for the corresponding Microsoft exam and the exam voucher is included in the course price.

Course Overview

The Solution Architect is responsible for the successful design, implementation, deployment and adoption of an overall solution. The Solution Architect ensures that the solution meets the customer's needs now and in the future. In this course, students will learn about decisions a Solution Architect makes during an implementation, covering security, integrations, Power Apps architecture, Power Automate architecture, and more. This course is designed to give you an introduction to the Solution Architect role.

Who should attend
