

Application Lifecycle Management (ALM/QC) Essentials (1-5660)

ID 1-5660 Price 2,400.— €_{excl. tax} Duration 3 days

Important notes for the booking of Open Text trainings

Please note that prepayment is required for participation in an Open Text training course. Participation in a training course is possible for 12 months after booking the course. Cancellations are excluded. For further information, please refer to **our [General Terms and Conditions](#)**.

- Create and execute tests to validate features and ensure quality.
- Create and log defects.
- Utilize graphs and dashboard views to monitor project status and progress.

Course Overview

This course explains the fundamentals of the OpenText Application Lifecycle Management (ALM) application. The course is designed for beginners and describes ALM features, including defining requirements, designing and executing tests, creating defects, and generating reports and graphs using the dashboard.

Course Objectives

On completion of this course, you should be able to:

- Define ALM.
- Create releases and cycles and construct requirements.
- Analyze risks associated with requirements.
- Organize subjects and tests in a Test Plan tree.
- Design and create test plans.
- Generate test scripts from design steps.
- Create Test Sets.
- Execute manual tests.
- Record and track test execution results.
- Log and manage defects.
- Use version control to keep track of changes.
- Import and export from Microsoft Excel.
- Generate reports and graphs using the dashboard.

Course Content

- Explain ALM as a software delivery platform.
- Explore the modules of the ALM platform.
- Create releases, cycles, requirements, and milestones.
- Plan and organize release activities.
- Create a test plan.

About Fast Lane

Fast Lane is a global, award-winning specialist in technology and business training as well as consulting services for digital transformation. As the only global partner of the three cloud hyperscalers- Microsoft, AWS and Google- and partner of 30 other leading IT vendors, Fast Lane offers qualification solutions and professional services that can be scaled as needed.
