Please note that prepayment is required for participation in an Open Text training course. Participation in a training course is possible for 12 months after booking the course. Cancellations are excluded. For further information, please refer to **our** [General Terms and Conditions](#).

Course Content

This two-day, basic course explains the fundamentals of the OpenText ValueEdge Functional Test (VEFT) Digital Lab application. Designed for beginners, this course provides a comprehensive introduction to VEFT Digital Lab. The course describes how to develop, debug, test, monitor, and optimize mobile applications with a centralized end-to-end lab and management gateway.

The training comprises theory and practical sessions. You learn to use VEFT Digital Lab effectively for managing and testing mobile devices and cloud browsers in a remote digital testing environment.
