LoadRunner Enterprise (LRE) Essentials (LRE)

ID LRE   **Price** 2,400.— €(excl. tax)   **Duration** 3 days

Important notes for the booking of Open Text trainings

Please note that prepayment is required for participation in an Open Text training course. Participation in a training course is possible for 12 months after booking the course. Cancellations are excluded. For further information, please refer to **our** General Terms and Conditions.

Course Overview

This three-day course introduces you to the OpenTextTM LoadRunner Enterprise (LRE) application. This course is designed to give you a foundation for basic load testing tasks. You create performance test assets, design load tests, configure monitoring profiles, define Service Level Agreement (SLA), and run load tests through LRE.

The hands-on labs are designed to provide you with the knowledge necessary to create scripts in VuGen, execute scenarios in LRE, and view the results in the Analysis tool.

Who should attend

Quality assurance and performance engineers, users of LoadRunner Enterprise who need to load test their web applications, and executives involved in any aspect of the load testing process.

Course Objectives

On completion of this course, you should be able to:

- Explain the LoadRunner Enterprise architecture
- Perform the following LoadRunner Enterprise admin activities:
    - Manage user accounts
    - Assign user privileges
    - Manage multiple projects
    - Oversee server resources
    - Manage test executions

- Monitor and analyze error information using various reports
- Plan effective load tests
- Create, configure, and execute load tests
- Use analysis graphs to determine whether the test achieved the set goals

Course Content

- Discuss LRE architecture and components
- Overview of LRE Admin
- Create assets in LRE
- Plan and design an effective performance test
- Configure monitoring profiles and Network Virtualization, and define SLA
- Execute and analyze performance test results

About Fast Lane

Fast Lane

Fast Lane is a global, award-winning specialist in technology and business training as well as consulting services for digital transformation. As the only global partner of the three cloud hyperscalers- Microsoft, AWS and Google- and partner of 30 other leading IT vendors, Fast Lane offers qualification solutions and professional services that can be scaled as needed.
