

# Red Hat Satellite 6 Administration (RH403)

**ID** RH403 **Price** 3,740.— €(excl. tax) **Duration** 4 days

## Who should attend

This course is intended for system administrators seeking to have a successful large-scale management of Red Hat Enterprise Linux systems

the need to do so.

## This course is part of the following Certifications

Red Hat Certified Specialist in Identity Management (RHCS-IM)  
Red Hat Certified Specialist in Deployment and Systems Management (RHCDE-DEPLOYMENT-SYSTEMS-MGMT)

## Prerequisites

Students should have RHCE certification, or equivalent experience. They should also have previous Red Hat Satellite experience since the course will compare Red Hat Satellite 6 features and terminology with Red Hat Satellite 5.

## Course Objectives

Students will learn how to install a Red Hat Satellite 6 server and populate it with software packages. They will use Red Hat Satellite to manage the software development life cycle of a subscribed host and its configuration.

## Course Content

This course covers Red Hat Satellite 6, the latest major release of Red Hat Satellite, for the first time. This new release is a radical redesign of Satellite with a new architecture and interfaces. Even system administrators familiar with Red Hat Satellite 5 will require training on the updated product.

Most customers of Satellite operate deployments in the hundreds of systems and primarily use the software update management features of Satellite. This course is targeted at this major audience, but also introduces more advanced features such as system configuration management with Puppet in order to enable customers to use these more advanced features as they determine

# About Fast Lane

Fast Lane is a global, award-winning specialist in technology and business training as well as consulting services for digital transformation. As the only global partner of the three cloud hyperscalers- Microsoft, AWS and Google- and partner of 30 other leading IT vendors, Fast Lane offers qualification solutions and professional services that can be scaled as needed.
