

Field Service Management (FSM) Implementation (FSM)

ID FSM Price 1,598.— €(excl. tax) Duration 2 days

Important notes for the booking of ServiceNow trainings

1. So that we can finally process your registration, you will receive an enrollment request after booking the course. Please carry out the enrollment immediately, at the latest **three** working days before the start of the course, according to the following instructions at ServiceNow:
[Enrol for Instructor Led Training using Learning Credits](#)
2. Please note that we must receive short-term bookings no later than five working days before the course begins.
3. If you are unable to attend the training date you have booked (e.g. illness, etc.) or if ServiceNow cancels the course, a credit note is not possible under any circumstances. If you cancel, you can name a replacement person. In both cases of cancellation, the validity of your credit remains for 12 months after the order.

For more information, please refer to the [ServiceNow Terms and Conditions](#).

Course Overview

Learn practical skills to accelerate the implementation of field service management applications and related functionality, most of which may be configured using a low-code or no-code approach. This 2-day course is designed for Implementation Specialists responsible for setup and configuration of the Field Service Management application and related functionality. A combination of lectures, demonstrations, topic debriefs, hands-on lab exercises, and knowledge checks helps learners develop relevant skills for successful field service management implementations.

An exam voucher is included in the course price.

This course is part of the following Certifications

Certified Implementation Specialist – Field Service

Management (CIS-FSM)
