

Microsoft Azure Overview for Deciders (MAUE)

ID MAUE Price 590.— €(excl. tax) Duration 0.5 days

Course Overview

This training introduces technical and organizational aspects of the cloud adoption and cloud usage. Changes in the roles and tasks of employees are explained as well as technical functionalities and possibilities. Privacy and compliance issues also represent important elements of the cloud adoption process and are introduced too. The typical daily tasks as well as the best practices are, like all other topics, presented on Microsoft Power Platform as an example.

Course Content

Cloud Concepts

- Explanation of the term cloud computing with presentation of examples
- Introduction of the prevalent cloud service types with examples
 - Infrastructure as a Service
 - Platform as a Service
 - Software as a Service
 - Serverless Components (Functions, Logic Apps,...)
