AI Ethics & Governance (MS-AIEG)

ID MS-AIEG **Price** on request **Duration** 1 day

Course Overview

Trust is the new currency. With a responsible AI, you can build the foundation for a trusted AI. In light of this responsibility, organizations are finding the need to create processes and structures to guide their internal AI efforts, whether they are deploying third-party AI solutions or developing their own. In this workshop, we will work along a case study or with your materials to build an action plan and define the next steps for responsible AI.
