AI Proof of Concept (MS-AIPC)

ID MS-AIPC   **Price** on request   **Duration** 1 day

Course Overview

Showcase your vision. In this workshop, we will build a working AI prototype based on your scenario. This prototype can be used to make the AI momentum real.

Who should attend

- Business Decision Makers
- Business Unit Leaders

Prerequisites

The desired functionality and information need to be documented before the workshop.

Course Objectives

One-day workshop, which will employ presentations, case-studies, discussions, and exercises.

Workshop exercises and forum-style discussions will augment and reinforce the courseware to provide a great interactive and collaborative experience for the participants.

Course Content

Participants will attend this one-day workshop, which will employ presentations, case-studies, discussions, and exercises which will achieve the following objectives:

- Learn how to plan and build a proof of concept
- Develop the prototype with state of the art AI technologies
- Iterate and test the prototype;
- Deploy the prototype and make it ready for the showcase

Instructor

This workshop is delivered by a strongly qualified and certified Microsoft Most Valuable Professional (MVP) with high-profile industry experience.
