## Course Overview

With this compact course, you will expand your existing Word knowledge within a very short time. Learn, among other things, how to create your own designs and templates, how to deal efficiently with large documents and how to master more specialized tasks, such as serial letters, charts or directories. Supported by practical examples and tips, we will show you how to work even more cleverly, professionally and efficiently with Word - alone or in a team.

Thanks to the modular preparation of the content, you can expand your existing Word skills step by step as needed. In addition, "Word 2019 - Advanced course compact" also provides you with valuable services as a reference work again and again.

- Create documents with designs
- Use format templates efficiently
- Using your own document templates
- Create outlines, tables of contents and keyword indexes
- Designing multi-page documents
- Visualize content with diagrams, tables and SmartArts
- Create serial documents
- Work efficiently in a team

Tailored to the learning topics in "Word 2019 - Advanced course compact", with BuchPlus you receive a comprehensive, digital media package with learning videos, example, exercise and results files, quick overviews, knowledge tests, supplementary learning content and a glossary.
